

2015 FEBRUARY DIALOGUES

AN ANNUAL EVENT OF THE MEETING RIVERS PROGRAMME OF PIPAL TREE, BANGALORE AND DIALOGUE EN HUMANITE, LYON-FRANCE

Theme:

Exploring sustainable practices

In the end we need pointers to take us down the path of sustainable development. As the climate crisis increases in urgency we need to critically examine the wealth of practices that appear to point the way towards holistic living on the planet.

The 2015 February Dialogues will largely remain with concrete experiences related to Sustainable Development (a highly clichéd expression). These would include agriculture, forestry, energy, education and a host of other areas. Hopefully this exploration will provide the nuts and bolts for visualizing the larger picture of sustainable development.

Those who would like to attend please write to us at pipaltree.prog@gmail.com stating what your interest will be in such an event, and what you hope to learn and contribute.

Date:

5th February 5 pm to
8th February 5 pm

Venue:

Fireflies Ashram, Bangalore

PIPAL TREE

Dinnepalya, Kaggalipura Post

Bangalore - 560 082 India
